OK. I will keep that in mind. I do want to review some of the identified accomplishments. That information will be needed when I develop the annual "Determination of Progress" letter. The letter is necessary for the State to receive it 319 award.

Alan, here is the report with additions by staff to address EPA's comments, to the maximum extent practicable. The Big Caveat is of course that this is still draft. Gene was going to review and edit, **Ex. 6 - Personal Privacy** The will be changes to this, but we aren't sure of the extent.

Thanks,
Josh

Josh,

By chance, can you send me a copy of the revised annual report. I need to review the revised version.

Thanks,

Alan
